amaloueslati92@yahoo.com | 604-809-6160 | Vancouver, BC V6E 1E2

Summary

Talented Software Developer equipped with great coding, debugging and project management abilities. Accomplishes project goals consistently with elegant, scalable code. Works great with team members under Agile and Scrum frameworks.

Skills

- HTML, CSS, JavaScript, JQuery, AngularJS proficiency
- SQL expert (Querying, Procedures, SSIS, SSRS, etc.) and Oracle.
- Fluent in C, C++, C#, Python
- Experience with .NET Framework and web services
- Experience with TFS, Jira and Git
- Software best practices
- Testing and deployment
- Experience with Active Directory
- Scripting
- Sharepoint administration skills (farm configurations, updates, monitoring)
- Sharepoint Development skills (webparts, timerjobs, apps, etc.)

Experience

SportsDirect | Nottingham
.NET Software Developer, Full-Stack
09/2016 - 01/2020

- Wrote clean, scalable code using .NET programming languages.
- Managed both back-end and front-end aspects of development process.
- Developed documentation throughout software development lifecycle.
- Completed code debugging and implemented fixes to resolve problems based on priority system.
- Modified existing software systems to enhance performance and add new features.
- Led a team of 3 interns in completing different small projects.
- Developed SSIS packages and workflow applications for data migration and integration purposes.
- Developed advanced reports for data analysis purposes
- Wrote and debugged advanced T-SQL queries, stored procedures and functions

SportsDirect | Nottingham, England
SharePoint Developer
07/2014 - 09/2016

- Day to day monitoring of two on-premises SharePoint 2013 farms along with an Office 365 Portal.
- pro-actively acting on any alerts that our systems may generate which may indicate a potential problem.
- Identify and trace any reported issues, work with customers to provide a solution to the reported problem.
- Produce/Support SQL Server Integration Packages to synchronise SharePoint with our External Systems such as Oracle/SQL.
- Produce/Support SSRS Reports based on data originating from SharePoint or from SQL/Oracle Sources.
- Produce/Support PowerShell scripts to bulk manage SharePoint data and update farm configuration if required.

- Produce/Support Solutions using HTML/CSS/JavaScript and JQuery.
- Produce/Support SharePoint TimerJobs, WebParts & Add-Ins to provide additional functionality to SharePoint that isn't available out of the box.

Education and Training

Langara College | Vancouver, BC

Postgraduate Diploma in Data Analytics in Computer Science

- Currently studying this program
- Some of the modules I am currently taking: Maths for data analytics, Professional business practices, Computing for data analytics, data analytics and statistical inference, etc.

Coventry University | Coventry, England

Bachelor of Science in Computer Science

11/2016

- Graduated with a First-class honors degree.
- Ranked in Top 5% of class.
- Successfully completed a Cisco CCNA Course.
- Dissertation: created a program that uses Neural Networks and OpenCV library for image classification.
